1. BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into two professional service agreements for the 2020 - 2022 General Engineering Services - Water Distribution Group Project, with ms consultants, inc. (Contract No. 2310) and Dynotec, Inc. (Contract No. 2311), each in the amount of \$300,000.00, for 2020 through 2022.

These projects will provide general engineering services to the Division of Water, Water Distribution Engineering section, on an "as-needed" basis. Work items will consist of field investigations, surveying, professional design services necessary for the completion of a design report, plans and specifications, and engineering services during construction as it relates to various water distribution and facility projects. There is no planning area associated with these contracts.

Since services are used on an as-needed basis, two consulting firms are selected in the event that a firm cannot perform the expedited services that are required for the assignments.

There are no planning areas associated with these contracts.

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT: These agreements will allow the Division to perform miscellaneous engineering tasks on an as-needed basis. Outreach and environmental impact is unknown since the exact type and location of work is unknown at this time.

3. BID INFORMATION: The selection of the firm providing the professional engineering services has been performed in accordance with the procedures set forth in Columbus City Code, Section 329, "Awarding professional service

contracts through requests for proposals." The evaluation criteria for this contract included: 1. Understanding of the Project, 2. Past Performance, 3. Environmentally Preferable Offeror, and 4. Local Work Force.

A hybrid of Requests for Statements of Qualification (RFSQ's) and Requests for Proposals (RFP's) were received on September 27, 2019 from: ms consultants, Dynotec, American Structurepoint, DLZ, EMH&T, PRIME AE Group, IBI Group Engineering Services, HDR Engineering, and The Mannik & Smith Group.

An evaluation committee reviewed the proposals and scored them based on the criteria mentioned above. The Department of Public Utilities recommends that agreements be awarded to ms consultants, inc. and Dynotec, Inc.

4. CONTRACT COMPLIANCE INFO:

ms consultants, inc.: 34-6546916, expires 2/18/20, Majority, DAX #6998

Dynotec, Inc.: 31-1319961, expires 5/21/20, MBE, DAX #5053

Additional information regarding all bidders, description of work, contract time frame and detailed amounts can be found on the attached Information form.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against ms consultants, inc. and Dynotec, Inc.

5. FUTURE RENEWALS: The initial contract is for a period of one year. The contract is renewable for two additional years, therefore, the Division anticipates requesting additional appropriations to the agreements during the 2020 - 2022 fiscal periods, with the approval of modifications by City Council, to fulfill its planned needs.

6. FISCAL IMPACT: There is sufficient funding within the Water G.O. Bonds Fund, however, an amendment to the 2019 Capital Improvements Budget is necessary.

WHEREAS, these are three-year agreements and the Division of Water anticipates requesting additional appropriations to the agreements during the 2020 - 2022 fiscal periods, with the approval of renewals by City Council; and
