Council Variance Application: CV19-074

APPLICANT: Bryden Management, LLC; c/o Laura MacGregor Comek, Atty.; 501 South High Street; Columbus, OH 43215.

PROPOSED USE: Mixed-use development.

NEAR EAST AREA COMMISSION RECOMMENDATION: Approval.

HISTORIC RESOURCES COMMISSION RECOMMENDATION: Approval (incomplete).

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is developed with a former hospital and consists of one parcel in the I, Institutional District, and nine parcels on the P-1, Private Parking District. The site is subject to Ordinance #2901-90 (CV90-1063), passed December 10, 1990, which permits a mixed-use development consisting of housing for the elderly and limited non-residential uses with reduced development standards. The requested Council variance is necessary because the elderly housing component of this development has been eliminated, and the building now functions as a 165-unit apartment building with 25,000 square feet of limited commercial uses. This request updates the permitted uses, and parking reduction required for the mix of uses at this location, and maintains the reduced

development standards previously granted. The site is within the planning boundaries of the *Near East Area Plan* (2005), which does not contain specific land use recommendations for this location, but it does state that, in general, housing types and density should be consistent with the housing types and densities found in the surrounding area. The request is supportable because it preserves existing housing stock and mixed-use development of a historic former hospital building. The applicant will maintain existing fencing between parking areas and residentially zoned properties. **Additionally, the reduction in parking from 348 required spaces to 137 provided spaces is supportable based on the review of the parking study conducted by the Applicant. There is a reasonable expectation that parking demand for commercial space would be significantly lower than the 100 spaces accounted for in the calculated requirement due to use limitations. The on-site parking lot could accommodate increased parking demand without pushing on-street parking occupancies above 80% in most cases.**

To grant a Variance from the provisions of Sections 3349.03, Permitted uses; 3312.49(C), Minimum numbers of parking spaces required; 3349.04(a)(b)(c), Height, area and yard regulations; 3371.01(F)(1-3), P-1 private parking district; and 3371.02(C)(2), Building lines in residential and apartment residential districts, of the Columbus City Codes; for the property located at **1551 BRYDEN RD. (43205)**, to permit a 165-unit apartment building and up to 25,000 square feet of specified non-residential uses with reduced development standards in the I, Institutional District and P-1, Private Parking District, and to repeal Ordinance #2901-90, passed December 10, 1990 (Council Variance #CV19-074).

WHEREAS, by application #CV19-074, the owner of the property at **1551 BRYDEN RD. (43205)**, is requesting a Variance to permit a 165-unit apartment building and up to 25,000 square feet of specified non-residential uses with reduced development standards in the I, Institutional District and P-1, Private Parking District; and

WHEREAS, Section 3349.03, Permitted uses, does not permit multi-unit residential development or commercial and storage uses, while the applicant proposes a 165-unit apartment building and to maintain commercial support uses for on-site dwellings, office uses unrelated to the apartment uses, and storage as a principle use within an area no larger than 25,000 square feet, with said commercial and storage being permitted on the ground floor only and being specifically a barber shop, beauty salon, financial institution office or automatic teller machine, pharmacy, dry cleaner (depot only), and storage space for hospital, medical clinic, and office uses; and

WHEREAS, Section 3312.49(C), Minimum numbers of parking spaces required, requires 1.5 parking spaces per dwelling unit for a total of 248 spaces for a 165-unit apartment building, plus 1 parking space per 250 square feet of retail for 25,000 square feet, for a total of 100 spaces, a grand total of 348 spaces for this mixed use development, while applicants proposes 8 spaces on the site and 129 spaces on the applicant's off-site parking areas zoned in the P-1, Private Parking District, for a total of 137 provided spaces; and

WHEREAS, Section 3349.04(a)(b)(c), Height, area and yard regulations, requires that all structures at the minimum building line shall not exceed 35 feet in height, requires lot coverage that does not exceed 60 percent, requires a front setback of 50 feet from street right-of-way, requires a minimum side yard of 20 feet on each side of a building, and requires a minimum rear yard of 50 feet, while the applicant proposes to maintain a building height of 55 feet, increased lot coverage of 80 percent, reduced front setback of 37 feet from Bryden Road and 10 feet from Kelton Avenue, reduced eastern side yard area of zero feet, reduced western side yard of 10 feet, and provide no rear yard; and

WHEREAS, Section 3371.01(f)(1-3), P-1 private parking district, requires a landscaped buffer strip containing a wall, fence, hedge and/or other plant material where contiguous to a residential or apartment residential district, while the applicant proposes to maintain no landscaped buffer strip in the same areas where applicant's P-1, Private Parking District lots are contiguous to a residential district, but will maintain the existing fencing; and

WHEREAS, Section 3371.02(C)(2), Building lines in residential and apartment residential districts, requires a building setback line of 50 feet along Bryden Road and Kelton Avenue, and 25 feet along East Rich Street, while the applicant proposes to maintain a reduced setback of 35 feet along Bryden Road, 10 feet along Kelton Avenue, and 10 feet for the western 226 feet of frontage along East Rich Street, and to reduce building lines for internal lot lines to 0 feet; and

WHEREAS, the Near East Area Commission recommends approval; and

WHEREAS, the Historic Resources Commission recommends approval (~~incomplete~~); and

WHEREAS, City Departments recommend approval of the requested variances which will maintain a mixed-use development in a historic former hospital building, and will preserve existing housing stock in the neighborhood. **Additionally, a parking study was conducted by the Applicant and reviewed by the Department of Public Service resulting in support for the requested parking reduction;** and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1551 BRYDEN RD. (43205)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a variance is hereby granted from the provisions of Sections 3349.03, Permitted uses; 3312.49(C), Minimum numbers of parking spaces required; 3349.04(a)(b)(c), Height, area and yard regulations; 3371.01(F)(1-3), P-1 private parking district; and 3371.02(C)(2), Building lines in residential and apartment residential districts, of the Columbus City Codes; for the property located at **1551 BRYDEN RD. (43205)**, insofar as said sections prohibit a 165-unit apartment building and specified non-residential uses of up to 25,000 square feet in the I, Institutional District; a reduction in the required number of parking spaces from 348 to 137 spaces; increased building height of 55 feet from 35 feet; increased lot coverage of 80 percent from 60 percent; reduced front setback from 50 feet to 37 feet along Bryden Road and from 50 feet to 10 feet along Kelton Avenue; reduced minimum side yard of 0 feet, and 10 feet along the eastern and western property lines respectively; no rear yard provided; maintain no landscaped buffer strip between P-1, Private Parking District and residential district properties; and maintain a reduced building line in the P-1, Private Parking District from 50 feet to 35 feet and 10 feet along Bryden Road and Kelton Avenue respectively, and from 25 feet to 10 feet for the western 226 feet of the East Rich Street frontage; and said property being more particularly described as follows:
