Council Variance Application: CV19-094

APPLICANT: Community Housing Network; c/o Dave Perry, Agent; David Perry Company, Inc.; 411 East Town Street, 1st Floor; Columbus, OH 43215; and Donald Plank, Atty.; 411 East Town Street, 2nd Floor; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential development.

FAR SOUTH COLUMBUS AREA COMMISSION RECOMMENDATION: Disapproval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning (Ordinance #0228-2020; Z19-075) to the L-AR-1, Limited Apartment Residential District for a multi-unit residential development with a maximum of 100 dwelling units. A variance to reduce the required number of parking spaces from 150 to 36 provided spaces is included in the request. The parking reduction variance is supportable because the nature of the development reflects parking numbers that account for residents that will not have private vehicles. Additional variances for eliminating the fronting requirements and reducing the interior side yard are supportable because the applicant is maintaining the site as two separate parcels for development in two phases.

To grant a Variance from the provisions of Sections 3312.25, Maneuvering; 3312.29, Parking Space; 3312.49(C), Minimum numbers of parking spaces required; 3333.16, Fronting; and 3333.23, Minimum side yard permitted, of the Columbus City Codes; for the property located at **2565 LOCKBOURNE RD. (43207)**, to permit a multi-unit residential

development with reduced development standards in the L-AR-1, Limited Apartment Residential District (Council Variance #CV19-094).

WHEREAS, by application #CV19-094, the owner of property at **2565 LOCKBOURNE RD. (43207)**, is requesting a Council variance to permit a multi-unit residential development with reduced development standards in the L-AR-1, Limited Apartment Residential District; and

WHEREAS, Section 3312.25, Maneuvering, requires sufficient maneuvering area on the parcel for the parking spaces for which it serves, while the applicant proposes parking spaces to maneuver over parcel lines, but with the minimum maneuvering area being met; and

WHEREAS, 3312.29, Parking space, requires 90-degree parking spaces to be no less than 9 feet wide by 18 feet deep, while the applicant proposes parking spaces that are divided by parcel lines, but with the overall parking space meeting the required dimensions; and

WHEREAS, Section 3312.49(C), Minimum numbers of parking spaces required, requires 1.5 parking spaces per dwelling unit for a total of 150 required parking spaces, while the applicant proposes 36 total parking spaces, a reduction of 114 required parking spaces; and

WHEREAS, 3333.16, Fronting, requires each principle building to front on a public street, while the applicant proposes an apartment building on a parcel that does not front on a public street for Phase 2 of the development; and

WHEREAS, Section 3333.23, Minimum side yard permitted, requires a side yard of no less than five feet, while the applicant proposes an interior side yard of zero feet, to allow the building in Phase 2 and Phase 2 to be connected when completed, as shown on the submitted site plan; and

WHEREAS, the Far South Columbus Area Commission recommends disapproval; and

WHEREAS, the City Departments recommend approval because multi-unit residential development is an appropriate use for this site. The requested variances are reflective of a development for residents without private vehicles, and the proposal will maintain two separate parcels for development in two phases; and

WHEREAS, this ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **2565 LOCKBOURNE RD. (43207)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
