### Council Variance Application: CV20-013

**APPLICANT:** SRA Investments, LLC; c/o David Hodge, Atty.; 8000 Walton Parkway, Suite 260; New Albany, OH 43054.

**PROPOSED USE:** Commercial uses.

**UNIVERSITY AREA COMMISSION RECOMMENDATION:** Approval.

**UNIVERSITY IMPACT DISTRICT REVIEW BOARD:** Approval.

**CITY DEPARTMENTS' RECOMMENDATION:** Approval. The property is split zoned with the eastern half of the parcel developed with a commercial building in the C-4, Commercial District, and the western half of the parcel containing a parking lot and a small portion of the commercial building in the AR-2, Apartment Residential District. The requested Council variance will permit the portion of the building in the AR-2 district to be used for C-4 district permitted uses and will conform the existing parking lot use. This request includes a parking reduction variance from 39 required spaces to 21 provided spaces. The proposal is consistent with the *University District Plan's* (2015) land use recommendation of neighborhood mixed-use. Staff finds the proposal will not introduce incompatible uses to the area. Additionally, the site is within the boundaries of the NC, Neighborhood Commercial subarea of the University District Zoning Overlay. The additional parking reduction is supportable due to the proximity of public transit and availability of on-street parking.

To grant a Variance from the provisions of Sections 3333.025, AR-2 apartment residential district use; and 3312.49, Minimum numbers of parking spaces required, of the Columbus City Codes; for the property located at **2643 N. HIGH ST. (43202)**, to permit C-4 Commercial District uses and associated parking with a parking space reduction in the AR-2, Apartment Residential, and C-4, Commercial districts (Council Variance #CV20-013).

**WHEREAS**, by application #CV20-013, the owner of the property at **2643 N. HIGH ST. (43202)**, is requesting a Variance to permit C-4 Commercial District uses and associated parking with a parking space reduction in the AR-2, Apartment Residential, and C-4, Commercial districts; and

**WHEREAS**, Section 3333.025, AR-2, apartment residential district use, prohibits commercial uses and associated parking; while the applicant proposes to use the portion of a commercial building that is predominantly within the adjacent C-4, Commercial District for C-4, commercial uses while maintaining the existing associated parking lot in accordance with the submitted site plan; and

**WHEREAS**, Section 3312.49(C), Minimum number of parking spaces required, requires 1 parking space per 75 square feet of eating and drinking establishment space, 1 parking space per 250 square feet of retail space, 1 parking space per 1,000 square feet of technical school space, 1 parking space per 30 square feet of assembly space, and 2 parking spaces per dwelling unit, however, per Section 3325.281 of the Neighborhood Commercial (NC) Subarea Regulations of the University District Zoning Overlay, parking requirements for all non-residential uses are reduced by 50% and dwelling units are required 0.5 parking space per bedroom, resulting in 39 required parking spaces, while the applicant will provide 21 parking spaces as shown on the submitted site plan; and

**WHEREAS**, the University Area Commission recommends approval; and

**WHEREAS**, the University Impact District Review Board recommends approval; and

**WHEREAS**, the City Departments recommend approval of the requested variances because the proposal is consistent with the *University District Plan's* land use recommendation, will not introduce incompatible uses to the area, and notes that proximity to public transit and availability of on-street parking offset the reduced on-site parking; and

**WHEREAS**, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

**WHEREAS**, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

**WHEREAS**, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

**WHEREAS**, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **2643 N. HIGH ST. (43202)**, in using said property as desired; now, therefore:

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

HIGH ST.
