1. BACKGROUND

This ordinance authorizes the Director of Finance and Management to enter into contract and issue purchase orders as needed with Esec Corporation for the purchase of two spray injection pothole patcher trucks. This purchase will be made for the Department of Public Service, Division of Infrastructure Management.

The Division of Infrastructure Management will use the equipment to maintain and repair the streets throughout the City of Columbus. The City of Columbus, Fleet Management Division, approved the purchase of this equipment to replace equipment that has reached the end of its useful life.

The Purchasing Office advertised and solicited competitive bids in accordance with the relevant provisions of City Code Chapter 329 relating to competitive bidding (Solicitation RFQ015685) through Vendor Services. The City received two bids for the spray injection pothole patcher trucks on July 23, 2020, and they were tabulated as follows:

<u>Company Name</u>	<u>Bid Amount</u>	<u>City/State</u>
Majority/MBE/FBE		
Esec Corporation	\$462,460.00	Grove City, OH
Majority		
Leader Machinery Company	\$448,090.00	Monroe, OH
Majority		

The lowest bid was deemed unresponsive due to the bidder not meeting the specification of the cab and chassis. The award is to be made to Esec Corporation as the lowest responsive and responsible and best bidder for all lines of its bid of \$462,460.00.

Searches in the System for Award Management (Federal) and the Findings for Recovery list (State) produced no findings

against Esec Corporation.

2. CONTRACT COMPLIANCE

The contract compliance number for Esec Corporation is CC006602 and expires on 4/15/2021.

3. FISCAL IMPACT

Funds are available and appropriated for these purchases within the Streets and Highways Bond Fund, Fund 7704. It is necessary to amend the 2019 Capital Improvement Budget to establish sufficient budget authority in the proper project. Cash and appropriation will need to be transferred between projects within Fund 7704 to establish sufficient cash for the proper project.

4. EMERGENCY DESIGNATION

The department requests emergency designation for this ordinance so this equipment can be put into service as quickly as possible to prevent interruption to, or disruption of, the City's pothole patching program.
