**Background:** This ordinance authorizes the Finance and Management Director, on behalf of the Fleet Management Division, to establish purchase orders with Dell Marketing LP for the purchase of fifty-five (55) Dell Latitude 7220 Tablet Computers and necessary hardware/accessories to be installed in Department of Development Code Enforcement vehicles. The purchase orders for the computers and mounts will be established in accordance with the terms and conditions of a State of Ohio Cooperative Contract with Dell Marketing LP. Ordinance #582-87 authorizes City agencies to participate in Ohio Department of Administrative Services (DAS) cooperative contracts.

Code Enforcement Officers in the Division of Code Enforcement respond to complaints and help implement the city's housing, zoning, graphics, health sanitation, and safety codes. Officers are assigned city vehicles to travel to the inspection site. Currently, once the inspection is conducted, the officer returns to the office, performs the necessary records search, and inputs the information into the local database. The officer then creates a notice of violation (if needed), returns to the location, and serves the notice of violation.

COVID-19, and the safety precautions necessary to prevent its spread, have made it so Code Enforcement Officers are less able to complete their inspections in the office due to the need for social distancing. Using CARES Act funding, this legislation will provide for computers to be installed in Code Enforcement vehicles, which, along with concurrent purchases of mobile data equipment, printers, and computer mounting hardware for their vehicles, will eliminate the need for officers to return to the office to process inspections. Officers will be able to do their jobs more safely and efficiently going forward. Therefore, the Department of Finance and Management requests permission to contract with Dell to provide this equipment.

The Dell Marketing LP (vendor #010030) State of Ohio cooperative contract 534109 expires 11/19/2020 (\$146,969.35 estimated)

**Emergency Designation:** The Finance and Management Department respectfully requests this legislation be considered an emergency measure in order to allow for procurement of the computers and completion of associated up-fitting by December 31, 2020.

**Fiscal Impact:** This ordinance authorizes an expenditure of up to \$146,969.35 from the CARES Act Fund with Dell Marketing LP, for the purchase of fifty-five (55) Dell Latitude 7220 Tablet Computers and necessary hardware/accessories to be installed in Code Enforcement vehicles. Funding is available in the Department of Development's CARES Act Fund budget.
