Council Variance Application: CV20-046

APPLICANT: WODA Group, Inc., c/o Dave Perry, Agent; David Perry Company, Inc.; 411 East Town Street, 1st Floor; Columbus, OH 43215; and Donald Plank, Atty.; Plank Law Firm; 411 East Town Street, 2nd Floor; Columbus, OH 43215.

PROPOSED USE: Sixty-unit apartment building.

COLUMBUS SOUTHSIDE AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from the Development Commission for a concurrent rezoning (Ordinance #2565-2020; Z20-040) to the AR-1, Apartment Residential District. The subject site is being developed with a 60-unit apartment building as permitted by Ordinance #0275-2019 (CV18-097). This Council variance will carry over the previously-approved variances which are necessary in the newly-established AR-1 district. Variances for increased building height, reduced parking lot screening, and a reduction of 28 required parking spaces are included in the request. Staff recognizes these variances to be negligible as they conform the approved site plan for this apartment building, and are reflective of residential infill redevelopment projects in urban areas.

To grant a Variance from the provisions of Sections 3309.14(A), Height districts; 3312.21(D)(1), Landscaping and screening; and 3312.49(C), Minimum numbers of parking spaces required, of the Columbus City Codes; for the property

located at **27 W. JENKINS AVE. (43207)**, to permit reduced development standards for an apartment building in the AR-1, Apartment Residential District, (Council Variance #CV20-046).

WHEREAS, by application #CV20-046, the owner of property at **27 W. JENKINS AVE. (43207)**, is requesting a Council variance to permit reduced development standards for an apartment building in the AR-1, Apartment Residential District; and

WHEREAS, Section 3309.14, Height districts, requires a maximum building height of 35 feet in the H-35 height district, while the applicant proposes a building height of 40 feet; and

WHEREAS, Section 3312.21(D)(1), Landscaping and screening, requires screening of parking lots within 80 feet of residential zoning districts to be 5 feet high, while the applicant proposes screening that is 3 feet in height for the east 20 feet along the south property line adjacent to South Wall Street; and

WHEREAS, Section 3312.49(C), Minimum numbers of parking spaces required, requires 90 parking spaces for 60 apartment units, while applicant proposes 62 parking spaces; and

WHEREAS, the Columbus Southside Area Commission recommends approval; and

WHEREAS, City Departments recommend approval of the requested variances as they conform the approved site plan for an apartment building undergoing construction in the AR-1, Apartment Residential District. Staff recognizes these variances to be negligible, which are reflective of residential infill redevelopment projects in urban areas; and

WHEREAS, this ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **27 W. JENKINS AVE. (43207)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
