This firm works closely with the City Attorney's Office and the Division of Power to assist the City in identifying energy related issues, identifying the most competitive solutions, and securing the best prices, and terms and conditions available for electricity contract(s) with qualified suppliers.

The Division of Power is a full service electric utility serving residential, commercial, and industrial customers. The Division currently has approximately 15,000 customer accounts, which include electric service to several City buildings and facilities including the City's water and wastewater treatment facilities, and services to the city street lights. This agreement is to supply power through December 31, 2020. Beginning January 2021, the Division has a power supply agreement in place with American Municipal Power ("AMP"). The agreement is to supply power through December 31, 2025. The Division of Power is in need of energy consultant legal services to assist with contracting for the purchase of wholesale electric power beyond December 31, 2025.

The City Attorney's Office, on behalf of the Department of Public Utilities, solicited proposals for the subject services in accordance with the provisions of City Code Chapter 329 (RFQ013226). Seventy-one (71) vendors were solicited. Two (2) proposals (1 MAJ, 1 not certified) were received, on September 6, 2019. McNees Wallace & Nurick LLC was

The term of the contract is for one (1) year, renewable for five (5) additional years in one (1) year increments at the City's option, based upon budgeted funds and approval by City Council.
