Council Variance Application: CV20-097

APPLICANT: Bunn Minnick Michigan Ave, LLC; c/o Dave Perry, Agent; David Perry Company, Inc.; 411 East Town Street, 1st Floor; Columbus, OH 43215; and Donald Plank, Atty.; Plank Law Firm; 411 East Town Street, 2nd Floor; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential development and telecommunication equipment.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning (Ordinance #1148-2021; Z20-084) to the AR-3, Apartment Residential District. The applicant proposes to convert the existing Bunn Minnick Pipe Organ manufacturing building to a 27-unit apartment building and to construct a second apartment building containing 28-units (55.6 du/acre gross). This Council variance will permit increased building height, reduced parking setback and parking space size, reduced parking from 83 to 61 spaces, and reduced perimeter yard. A use variance is included to conform existing telecommunication equipment located in the southwest portion of the site which serves a monopole telecommunications tower on the adjacent property. Staff notes that the proposal is located in an area that is walkable and used by pedestrians and bicyclists, and includes bicycle parking, screening of the telecommunication equipment, and preservation of the existing street trees. The request is reflective of recent residential infill developments in this urban neighborhood. The Division of Parking Services has approved a parking study for this proposal and supports the requested parking variance.

To grant a Variance from the provisions of Sections 3333.03, AR-3 apartment residential district use; 3309.14, Height districts; 3312.27(3), Parking setback line; 3312.29, Parking space; 3312.49, Minimum numbers of parking spaces required; and 3333.255, Perimeter yard, of the Columbus City Codes; for the property located at **875 MICHIGAN AVE. (43215)**, to permit telecommunication equipment and reduced development standards for a multi-unit residential development in the AR-3, Apartment Residential District (Council Variance #CV21-097).

WHEREAS, by application #CV20-097, the owner of property at **875 MICHIGAN AVE. (43215)**, is requesting a Council variance to permit telecommunication equipment and reduced development standards for a multi-unit residential development in the AR-3, Apartment Residential District; and

WHEREAS, Section 3333.03, AR-3 apartment residential district use, does not permit monopole telecommunication equipment, while the applicant proposes to conform the existing telecommunication equipment located in the southwest portion of the site for a monopole on the adjacent property; and

WHEREAS, Section 3309.14, Height districts, requires a maximum building height of 35 feet in the H-35 height district, while the applicant proposes building heights of 40 feet for the existing building, and 37 feet for the proposed building; and

WHEREAS, Section 3312.27(3), Parking setback line, requires a minimum parking setback line that equals the building setback line, or 16 feet along Michigan Avenue, while the applicant proposes to maintain a reduced parking setback line of 14 feet; and

WHEREAS, Section 3312.29, Parking space, requires 90-degree parking spaces be a rectangular area not less than 9 by 18 feet, while the applicant proposes a reduced size of 8.5 by 18 feet for 33 parking spaces (25 garage spaces and 8 surface spaces along Ingleside Avenue); and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires 1.5 parking spaces per apartment unit, a total requirement of 83 spaces for 55 units, while the applicant proposes 61 parking spaces; and

WHEREAS, Section 3333.255, Perimeter yard, requires a minimum perimeter yard of 10% of the lot width, or 20.5 feet, while the applicant proposes the following reduced perimeter yards: zero feet for parking and 4 feet for the proposed apartment building along Quality Place; zero feet for parking and the existing telecommunications equipment building, and 3 feet for the proposed apartment building along Ingleside Avenue; and 9 feet for the proposed apartment building to the south, all as depicted on the Site Plan; and

WHEREAS, City Departments recommend approval of the requested variance as it is reflective of recent residential infill development in this urban neighborhood. Staff notes that the proposal is located in an area that is walkable and used by pedestrians and bicyclists, and includes a site plan that depicts bicycle parking, landscaping, and screening of the existing telecommunication equipment; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed multi-unit residential; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located

at **875 MICHIGAN AVE. (43215)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a variance from the provisions of Sections 3333.03, AR-3 apartment residential district use; 3309.14, Height districts; 3312.27(3), Parking setback line; 3312.29, Parking space; 3312.49, Minimum numbers of parking spaces required; and 3333.255, Perimeter yard, of the Columbus City Codes, are hereby granted for the property located at **875 MICHIGAN AVE. (43215)**, insofar as said sections prohibit telecommunication equipment in the AR-3, Apartment Residential District, with increased building heights from 35 feet to 40 feet for the existing building and 37 feet for the proposed building; a reduced parking setback line from 16 feet to 14 feet along Michigan Avenue; reduced parking space size from 9 by 18 feet to 8.5 by 18 feet for 33 parking spaces; a parking space reduction from 83 required to 61 spaces; and reduced perimeter yard from 20.5 feet to the following: zero feet for parking and 4 feet for the proposed apartment building along Quality Place; zero feet for parking and the existing telecommunications equipment building, and 3 feet for the proposed apartment building along Ingleside Avenue; and 9 feet for the proposed apartment building to the south; said property being more particularly described as follows:

875 MICHIGAN AVE. (43215), being 0.99± acres located at the southwest corner of Michigan Avenue and Quality Place, and being more particularly described as follows:
