This legislation authorizes the Director of Public Utilities to modify and extend the service contract with Asplundh Tree Expert, LLC (formerly known as Asplundh Tree Expert Company) for Power Line Clearance, Tree Trimming, and Removal Services for the various divisions within the Department of Public Utilities. This current modification No. 7, in the amount of \$220,000.00, will provide additional funding needed by the Division of Power and the Division of Water and extend the term of the contract through July 31, 2021. This service contract provides power line clearance, tree trimming, and removal services associated with the maintenance of the City's electric distribution systems and related infrastructure throughout the Department of Public Utilities. Work will be performed within the City of Columbus corporation limits or other areas serviced by City agencies.

The Director of Public Utilities publicly opened two bids on January 18, 2017. Asplundh Tree Expert Company was deemed to be the lowest, best, most responsive and responsible bid. The original contract was for a period of one (1) year from the date of execution through and including April 10, 2018 with the option to renew for an additional one (1) year period. After the initial two years, the contract can then be extended for two (2) additional one (1) year periods, or a portion thereof based upon mutual agreement of the parties, availability of funding, and approval by Columbus City Council. The contract provided for the provision that if additional funding is necessary, a modification would be requested. This modification is to provide the additional funding necessary for the payment of services to be provided through July 31, 2021.

This Ordinance is being submitted in accordance with the relevant provisions of Chapter 329 of the City Code pertaining to contract modifications and renewals.
