Council Variance Application: CV21-017

APPLICANT: OBrien Development LLC; c/o Dave Perry, Agent; Dave Perry Company, Inc.; 411 East Town Street, 1st Floor; Columbus, OH 43215; and Donald Plank, Atty.; Plank Law Firm; 411 East Town Street, 2nd Floor, Columbus, OH 43215.

PROPOSED USE: Mixed-use development.

NEAR EAST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning request to the AR-3, Apartment Residential District (Ordinance # 2189-2021; Z21-013) to permit multi-unit residential development. The requested Council variance will permit a mixed-use development containing a maximum of 17 apartment units and approximately 900 square feet of ground floor commercial space and 200 square feet of seasonal patio space. Variances are included to permit the commercial use, to increase building height and lot coverage, and to reduce building lines, rear yard requirements, driveway width, and the minimum number of parking spaces from 36 required spaces to 17 provided spaces. Because the request provides one parking space per dwelling unit, and the parking demand for the commercial use is not believed to significantly burden the on-street parking network, a parking study was not required by the Division of Parking Services, and staff is supportive of the requested parking reduction. Staff finds the requested variances to be supportable because the site and conceptual building elevations are consistent with the *Near East Area Plan's* (2005) design guidelines. The request is also consistent with recent urban infill development projects that have been approved in

the Near East area.

To grant a Variance from the provisions of Sections 3333.03, AR-3 apartment residential district use; 3309.14, Height districts; 3312.13(B), Driveway; 3312.49, Minimum numbers of parking spaces required; 3333.15(C), Basis of computing area; 3333.18(F), Building lines; and 3333.24, Rear yard, of the Columbus City Codes; for the property located at **1218-1222 E. LONG ST. (43203)**, to permit a mixed-use development with reduced development standards in the AR-3, Apartment Residential District (Council Variance #CV21-017).

WHEREAS, by application #CV21-017, the owner of property at **1218-1222 E. LONG ST. (43203)**, is requesting a Council variance to permit a mixed-use development with reduced development standards in the AR-3, Apartment Residential District; and

WHEREAS, Section 3333.03, AR-3 apartment residential district use, prohibits commercial uses, while the applicant proposes up to 900 square feet of ground level commercial use, including retail, office and/or eating and drinking use(s) and 200 square feet of outdoor seasonal patio space; and

WHEREAS, Section 3309.14, Height districts, requires a maximum building height of 35 feet in the H-35 height district, while the applicant proposes a building height of 42 feet; and

WHEREAS, Section 3312.13(B), Driveway, requires a driveway width of 20 feet, while the applicant proposes a driveway width from the enclosed parking garage to be 13 feet, and 12 feet at the overhead door; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires 36 parking spaces for 17 apartment units, 900 square feet of eating and drinking establishment space, and 200 square feet of eating and drinking establishment patio space, while the applicant proposes 17 spaces; and

WHEREAS, Section 3333.15(C), Basis of computing area, limits buildings from occupying more than 50 percent of the lot area, while the applicant proposes to increase the lot coverage to 92 percent; and

WHEREAS, Section 3333.18(F), Building lines, requires a building line of no less than the average of buildings on contiguous lots, but in no case less than 10 feet, while the applicant proposes a one foot building setback line along East Long Street; and

WHEREAS, Section 3333.24, Rear yard, requires a rear yard totaling no less than 25 percent of the total lot area, while the applicant proposes a reduced rear yard of 0 percent of the total lot area; and

WHEREAS, the Near East Area Commission recommends approval; and

WHEREAS, the City Departments recommend approval because the site is designed in a manner that is consistent with the *Near East Area Plan's* design guidelines. The request is consistent with recent infill redevelopment projects in the Near East area; and

WHEREAS, this ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed development; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1218-1222 E. LONG ST. (43203)**, in using said property as desired; now, therefore:
