This ordinance authorizes the Director of the Department of Technology to enter into an agreement with OARnet /OSU, a local non-profit educational institute (servicing grades K-12, colleges, and universities) for continued fiber network and broadband access and related services, in the amount of \$81,600.00. The original agreement was authorized by ordinance 0789-2007, which was passed on June 4, 2007. It was most recently authorized on March 22, 2021 with the passage of ordinance 0558-2021.

The City's Department of Technology provides Columbus' residents, visitors and businesses with sustained, reliable and efficient technology services, infrastructure and telecommunications. The City focuses on the delivery and operations of vital IT infrastructure network and telecommunication services, continuous service improvement and solutions to enable customer success. OARnet is the provider of the State of Ohio's 100 gigabit backbone network, which provides transport services to state and local government, education, research, and healthcare communities throughout Ohio. OARnet's network is the broadband gateway to a wide array of shared services designed to ensure Ohio is a technology leader.

With authorization of this agreement, OARnet will provide the City with upgraded internet service for one (1) year, from March 1, 2022 through February 28, 2023, at a cost of \$81,600.00. Included in this price is high-speed internet service and a 10-Gigabit port connection at the East and West Data Centers.

FISCAL IMPACT

Last year (2021), the Department of Technology legislated \$100,000.00 for continued fiber network and broadband access and related services. The cost for this year (2022) is \$81,600.00 for services from March 2022 through February 2023 and is budgeted and available in the Department of Technology, Information Services Division, Operating budget.

NOT-FOR-PROFIT CONTRACT INFORMATION

This agreement is being awarded under City Code section 329.30, which prescribes the method for contracting with not-for-profit organizations. DoT and OarNet negotiated the cost for provision of the above-described services, the costs for which are outlined in the attachment to this ordinance. The services being authorized herein include upgraded internet service and continued broadband access which must be provided by an outside agency.
