Council Variance Application: CV21-151

APPLICANT: Woda Cooper Companies; c/o Dave Perry, Agent; David Perry Company, Inc.; 411 East Town Street, 1st Floor; Columbus, OH 43215, and Donald Plank, Atty.; Plank Law Firm; 411 East Town Street, 2nd Floor; Columbus, OH 43215.

PROPOSED USE: Mixed-use development.

LIVINGSTON AVENUE AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site consists of one parcel developed with a 54,269± square foot warehouse and is zoned in the M, Manufacturing District. The requested Council variance will permit a mixed-use development containing up to 124 apartment units and 5,500 square feet of commercial space. A Council variance is necessary because multi-unit residential uses are not permitted in the M, Manufacturing District. The request also includes variances to increase the building height from 35 feet to 46 feet, to reduce the number of parking spaces from 227 to 160, and to reduce the East Livingston Avenue and Rhoads Avenue building lines. This proposed development will

be subject to a competitive funding process with the Ohio Housing Finance Agency which requires certain land attributes including compliant zoning. The Council variance process is supported to assist in this state funding application process as Rezoning Application #Z22-042, a request for the AR-2, Apartment Residential District, has been filed and is in the formal review process. The site is within the planning boundaries of the *Near Southside Plan* (2011), which recommends "employment center" land uses at this location, and includes the adoption of the *Columbus Citywide Planning Policies* (C2P2) Design Guidelines (2018). Planning Division staff is supportive of the proposal as the inclusion of a commercial component is compatible with the prevalent mixed-use development pattern along Livingston Avenue. Staff has also reviewed conceptual building elevations to confirm consistency with the Plan's and C2P2's design guidelines.

To grant a Variance from the provisions of Sections 3363.01, M-manufacturing districts; 3309.14(A), Height districts; 3312.49, Minimum number of parking spaces required; 3363.24(D)(2), Building lines; and 3363.27(b)(1), Height and area regulations, of the Columbus City Codes; for the property located at **1826 E. LIVINGSTON AVE. (43205)**, to permit a mixed-use development with reduced development standards in the M, Manufacturing District (Council Variance #CV21-151).

WHEREAS, by application #CV21-151, the owner of the property at **1826 E. LIVINGSTON AVE. (43205)**, is requesting a Council variance to permit a mixed-use development containing up to 124 apartment units and 5,500 square feet of commercial space with reduced development standards in the M, Manufacturing District; and

WHEREAS, Section 3363.01, M-manufacturing districts, prohibits multi-unit residential development, while the applicant proposes such a development containing up to 124 units; and

WHEREAS, Section 3309.14(A), Height districts, requires that within a 35 foot height district, no building or structure shall be erected to a height in excess of 35 feet while the applicant proposes to increase building height to 46 feet in the H -35 height district; and

WHEREAS, Section 3312.49(B), Minimum number of parking spaces required, requires 1.5 parking spaces per dwelling unit; one parking space per 75 square feet of eating and drinking establishment space; and one parking space per 250 square feet of retail space, for a total of 227 required parking spaces for 124 dwelling-units, 2,000 square feet of eating and drinking establishment space, and 3,500 square feet of retail space, while the applicant proposes 160 total parking spaces; and

WHEREAS, Section 3363.24(D)(2), Building lines in an M-manufacturing district, requires a minimum building line of 60 feet along East Livingston Avenue, and a minimum building line of 12 feet along Rhoads Avenue, while the applicant proposes a reduced building lines of 25 feet and 10 feet, respectively; and

WHEREAS, Section 3363.27(b)(1), Height and area regulations, requires a minimum building line for front and side yards of 25 feet from Rhoads Avenue, while the applicant proposes a reduced building line of 10 feet from Rhoads Avenue; and

WHEREAS, the Livingston Avenue Area Commission recommends approval; and

WHEREAS, City Departments recommend approval of the requested Council variance because the proposal for mixed-use development is more compatible with the development pattern of Livingston Avenue than the employment center uses recommended by the *Near Southside Plan*. Additionally, the Applicant is required to complete Rezoning Application #Z22-042 as a condition of this ordinance; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1826 E. LIVINGSTON AVE. (43205)**, in using said property as desired; and
