Council Variance Application: CV22-038

APPLICANT: LDG Multifamily, LLC/; c/o Laura MacGregor Comek, Atty.; 17 South High Street, Suite 700; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential development.

FAR SOUTH COLUMBUS AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is undeveloped and zoned in the L-C-4, Limited Commercial District. The requested Council variance will permit the development of a multi-unit residential development with up to 300 dwelling units (39.47 du/acre). Variances for reduced landscaping and screening, minimum numbers of parking spaces required, and setback lines are included in this request. The site is located within the South High Street Regional Commercial Overlay (RCO) and is within planning boundaries of the *Scioto Southland Plan* (2007), which recommends "Regional Mixed Use" land uses for this location. Additionally, the Plan includes adoption of the *Columbus Citywide Planning Policies* (C2P2) Design Guidelines (2018). This proposed development will be subject to a competitive funding process by the Ohio Housing Finance Agency which requires certain land attributes including compliant zoning. Staff supports the Council variance process to assist in this state funding application process as

Rezoning Application #Z22-052, a request for the AR-2, Apartment Residential District, has been filed and is in the formal review process.

To grant a Variance from the provisions of Sections 3356.03, C-4 Permitted uses; 3370.05, Permitted uses; 3312.21(A) (B), Landscaping and screening; 3312.49, Minimum numbers of parking spaces required; 3321.07(A), Landscaping; 3356.11, C-4 district setback lines; and 3370.07, Conditions and limitations, of the Columbus City Codes; for the property located at **4025 S. HIGH ST. (43206)**, to permit a multi-unit residential development with reduced development standards in the L-C-4, Limited Commercial District (Council Variance #CV22-038).

WHEREAS, by application #CV22-038, the owner of property at **4025 S. HIGH ST. (43206)**, is requesting a Council variance to permit a multi-unit residential development with reduced development standards in the L-C-4, Limited Commercial District; and

WHEREAS, Section 3356.03, C-4 Permitted uses, does not permit ground floor residential uses, while the applicant proposes a multi-unit residential development with up to 300 dwelling units; and

WHEREAS, Section 3370.05, Permitted uses, allows one or more of the uses permitted by the underlying zoning district, which are limited to C-4, Commercial District uses listed in Chapter 3356 of the Columbus City Code, and as further specified in the limitation overlay text in Ordinance #0506-01 (Z00-083), while the applicant proposes a multi-unit residential development with up to 300 dwelling units; and

WHEREAS, Section 3312.21(A)(B), Landscaping and screening, requires the interior of any parking lot containing 10 or more parking spaces to provide one deciduous shade tree per 10 spaces within islands or peninsulas, with 33 shade trees being required for a 330-space parking lot, and that any portion of a parking lot abutting any public street be screened for headlights on the perimeter adjacent to the public street, while the applicant proposes 20 trees located within code compliant peninsulas, with the other 13 trees to be redistributed throughout the site, and no parking lot screening along the south property line; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires 1.5 parking spaces per dwelling unit, or 450 spaces total for 300 dwelling units, while the applicant proposes 330 parking spaces; and

WHEREAS, Section 3321.07(A), Landscaping, requires landscaping in the building setback area, while the applicant proposes a drive aisle between the building line and street line; and

WHEREAS, Section 3356.11, C-4 district setback lines, requires buildings to have a setback of 60 feet, while the applicant proposes a 50 foot setback from South High Street; and

WHEREAS, Section 3370.07, Conditions and limitations, requires any use to conform to each condition or limitation specifically identified and imposed in the development plan and/or text, while the applicant does not wish to comply with the zoning text requirements of Ordinance #506-01 (Z00-083) regarding permitted uses and parking lot screening; and

WHEREAS, the Far South Columbus Area Commission recommends approval of said zoning change; and

WHEREAS, City Departments recommend approval because the requested variance will help facilitate state funding requirements, and the multi-unit residential development will provide mixed-income affordable and workforce housing consistent with the City's objectives; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values

within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **4025 S. HIGH ST. (43206)**, in using said property as desired; now, therefore:
