Council Variance Application: CV22-017

APPLICANT: Suleiman Farah; c/o Ugo Nwoke, Aurtec Designs LLC; 39 East Main Street, Suite 112; New Albany, OH 43054.

PROPOSED USE: Shared living facility.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site consists of one parcel developed with a residential care facility for six occupants in the R-1, Residential District as approved by Special Permit #SP83-005. The requested Council variance will permit a shared living facility for eight occupants, and includes a parking space reduction from eight required spaces to two provided spaces. Four on-site employees are also proposed: two care givers, one security staff person, and one administrative staff person. The site is within the planning boundaries of the *Northland I Area Plan* (2014), which recommends "Low-Medium Density Residential" (4-8 units/acre) uses for this location. Increasing the occupancy of this existing shared living facility for two additional occupants remains consistent with this recommendation, and does not introduce an incompatible use.

To grant a Variance from the provisions of Sections 3332.03, R-1, residential district; and 3312.49, Minimum numbers of parking spaces required, of the Columbus City Codes; for the property located at **4171 MAIZE RD. (43224)**, to permit a

shared living facility for eight occupants with reduced parking in the R-1, Residential District (Council Variance #CV22-017).

WHEREAS, by application #CV22-017, the owner of property at **4171 MAIZE RD. (43224)**, is requesting a Council variance to permit a shared living facility with reduced parking in the R-1, Residential District; and

WHEREAS, Section 3332.03, R-1, residential district, prohibits shared living facilities, while the applicant proposes to maintain a shared living facility with an increase from six to eight occupants; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires one parking space per 400 square feet, a total of eight required spaces, while the applicant proposes to maintain two parking spaces; and

WHEREAS, the City Departments recommend approval because a supportive housing facility is already established on this property. Increasing the occupancy for two additional occupants remains consistent with the *Northland I Area Plan* recommendation for “Low-Medium Density Residential” (4-8 units/acre) uses for this location, and does not introduce an incompatible use; and

WHEREAS, said ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **4171 MAIZE RD. (43224)**, in using said property as desired; now, therefore:
