BACKGROUND: The 2022 Downtown Strategic Plan concepts were prepared by the Columbus Downtown Development Corporation (CDDC) and covers the entire Downtown area (I-670 on the north, I-70/71 on the east and south, and the railroad tracks west of the Scioto Peninsula on the west). When complete, the 2022 Downtown Strategic Plan will be an update to and will supersede the 2010 Downtown Strategic Plan. The planning process included data collection and analysis, consensus through community participation, and plan preparation. Internal outreach occurred in concert with a series of public workshops to seek input, gather comments and share the draft document, which will chart the course for the future of Downtown's priorities.

Emergency action is requested to support the recommendations of the plan.

FISCAL IMPACT: None.
