| 10/10/2022 | 1 | Columbus City Council | Adopted | Pass |

To recognize October 2022 as Cybersecurity Month in Columbus and to promote steps everyone can take to keep their data and personal information safe online.

WHEREAS, critical infrastructure (i.e., financial services, educational institutions, energy, telecommunications, transportation, utilities, health care, and emergency response systems, etc.) is increasingly reliant on the support of information systems and technology; and

WHEREAS, cybersecurity education and awareness is crucial for everyone, including large corporations, small businesses, financial institutions, schools, government agencies, the home user, and anyone who connects to the internet, be it with a computer, mobile phone, or other internet-connected device; and

WHEREAS, monitoring your accounts, being conscientious of what you share online, keeping computer software up to date, creating unique passwords and changing them regularly, installing antivirus programs and firewalls, and using mobile devices and other internet-connect devices safely are ways people and organizations can protect themselves from phishing, viruses, ransomware, other types of malware, financial loss, and loss of sensitive data; and

WHEREAS, the STOP. THINK. CONNECT.™ Campaign serves as the national cybersecurity public awareness campaign, implemented through a coalition of private companies, nonprofit, government organizations, and academic institutions working together to increase the public's understanding of cyber threats and empowering Americans to be safer and more secure online; and

WHEREAS, Now therefore, **BE IT RESOLVED** that Columbus City Council affirms its commitment to supporting and promoting practices to help keep data safe, secure and protected.

BE IT FURTHER RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBUS: That this Council does

hereby recognize October as Cybersecurity Month in Columbus, and will support and encourage residents, businesses and organizations to implement proven data protection strategies.
