1. BACKGROUND

This ordinance authorizes the Director of Public Utilities to enter into a construction contract with Complete General Corporation for the Large Diameter Valve Replacement, Part 3 Project, CIP #690589-100002, in an amount up to \$4,686,561.65, and to encumber funds with the Department of Public Service for prevailing wage services in an amount up to \$2,000.00 for the project.

Work consists of the installation of new and/or replacement of large diameter valves (20 inch through 24inch diameter) and associated work including linestops, and other such work as may be necessary to complete the contract, in accordance with the drawings, technical specifications, special provisions, and City of Columbus Construction and Material Specifications as set forth in the Invitation For Bid.

The Community Planning Area is “55 - Downtown.” Work limits include 4th Street from Broad Street to Fulton Street and the intersection of Fulton Street and S. High Street.

Funding for this construction contract is anticipated to be done in the form of a loan from the Ohio Water Development Authority (OWDA). The OWDA’s mission is to provide financial assistance for environmental infrastructure from the sale of municipal revenue bonds through loans to local governments in Ohio. These loans are available at interest rates below what the City can obtain through a bond sale. Ordinance 0997-2023 is pending City Council approval for the Department of Public Utilities to obtain loans directly from OWDA.

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT

This project involves repairs to valves on critical large diameter water mains and will improve the reliability of the water distribution system. Coordination will occur with nearby customers, including businesses, prior to and during construction.

3. CONSTRUCTION CONTRACT AWARD

An Invitation for Bids for the Large Diameter Valve Replacement, Part 3 Project was advertised on the Vendor Services and Bid Express websites from 1/20/23 through 2/15/23. One bid was received for the project and was opened on 2/15/23. The following company submitted a bid:

<u>Company</u>	<u>Bid Amount</u>	<u>Compliance Number</u>	<u>ODI Status</u>
Complete General Construction	\$4,686,561.65	CC-006056	MAJ

The Complete General bid was deemed the lowest, best, most responsive and responsible bid in the amount of \$4,686,561.65.

4. CONTRACT COMPLIANCE INFORMATION

Complete General Construction's contract compliance number is CC-006056 and expires 06/08/2023.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Complete General Construction.

5. MINORITY AND WOMAN OWNED BUSINESS ENTERPRISE & SMALL LOCAL BUSINESS ENTERPRISE PROGRAM

This contract was bid with an anticipated City of Columbus MBE/WBE Program goal of 12% as assigned by the City's Office of Diversity and Inclusion (ODI). After ODI's review of the Utilization Plan and other related information the contractor submitted with their bid response, ODI has approved an MBE/WBE Program goal of 12% for this contract. Failure by the contractor to meet this goal subjects the contractor to the Penalties for Non-Compliance as described in the "City's Minority and Women-Owned Business Enterprise & Small Local Business Enterprise Program Manual" and in the bid documents for this contract.

As part of their proposal, Complete General Construction has proposed the following four subcontractors to perform contract work:

<u>Company Name</u>	<u>City/State</u>	<u>ODI Certification Status</u>
CAP-STONE & Associates, Inc.	Columbus, Ohio	WBE
McDaniels Construction	Columbus, Ohio	MBE
Bridges Bros. Trucking	Columbus, Ohio	MBE
Team Industrial Services	Lombard, IL	MAJ

The certification of the above companies was in good standing at the time the bid was awarded.

6. PRE-QUALIFICATION STATUS

Complete General Construction and all subcontractors have met code requirements with respect to pre-qualification, pursuant to relevant sections of Columbus City Code Chapter 329.

7. FISCAL IMPACT

The construction portion of this project is expected to be financed with a loan from the Ohio Water Development Authority (OWDA). An application has been submitted to, and accepted by, OWDA for this loan funding. The loan is expected to be approved by the OWDA Board when they meet near the end of April. Funds from the Water System Reserve Fund, Fund 6003, will need to be appropriated and transferred to the Water Supply Revolving Loan Fund, Fund 6011, in order to fund this proposed expenditure. This transaction is a temporary measure that is required until such time

as the Division is able to execute the loan with OWDA and reimburse the Water System Reserve Fund. Funds will need to be appropriated within Fund 6011 before they can be expended. An amendment to the 2022 Capital Improvement Budget will be needed to match the cash transferred into Fund 6011.

Funds in the amount of \$2,000.00 are available and appropriated within the Water Bond Fund, Fund 6006, to pay the Department of Public Service to provide prevailing wage services for this project. A transfer of cash and appropriation between projects within the Water Bond Fund, Fund 6006, is needed to align cash and appropriation with the proper project.

This ordinance is contingent upon passage of Ordinance 0997-2023 authorizing the Director of the Department of Public Utilities to obtain loan funding for capital improvement projects through the Ohio Water Development Authority.
