Emergency Justification: Emergency action is requested in the usual daily operation of the Recreation and Parks Dept in that it is immediately necessary to authorize the Director to enter into said agreement in May in order to allow services to begin as scheduled for 2023 Camp Season and to prevent the cancellation of any expected programming.

Community Input/Issues: Statistics shows that science offers a powerful platform for building confidence, developing

communication skills, and making sense of the world around us—a world that is increasingly shaped by science and technology. Furthermore, there are individual benefits to learning science, such as developing our ability to ask questions, collect information, organize and test our ideas, solve problems, and apply what we learn. CRPD is exposing young campers in a fun and engaging way, with the goal of developing interest and removing intimidation of the subject.

Bid Waiver Justification: The Columbus Center of Science and Industry is the sole vendor available for these summer camp science needs and will also provide the ability to host camp events at the facility location of 333 W. Broad St. Columbus, Oh. 43215; therefore, the department is requesting to waive the competitive bidding requirements of Columbus City Code Chapter 329.

Area(s) Affected: All community center camp locations of the City of Columbus, Ohio, ages 6-12.

Master Plan: This project will support the mission of the Recreation and Parks Department by connecting our community through recreational resources that enhance quality of life.

Fiscal Impact: \$70,000 has been designated to be used from the Recreation and Parks Operating Fund.

To authorize the Director of the Department of Recreation and Parks to enter into contract with Franklin County Historical Society, dba Center of Science and Industry ("COSI") for summer camp programming services; to authorize the expenditure of \$70,000.00 from the Recreation and Parks Operating Fund; to waive the competitive bidding provisions of Columbus City Code Section 329.15; and to declare an emergency. WHEREAS, it is in the best interest of the Department of Recreation and Parks to waive the competitive bidding requirements of Chapter 329 of the Columbus City Code because this vendor is the sole vendor available for these summer camp science needs and will also provide the ability to host camp events at the facility location; and

WHEREAS, an emergency exists in the usual daily operation of the City of Columbus, Department of Recreation and Parks, in that it is immediately necessary to authorize the Director to enter into said agreement in May in order to allow services to begin as scheduled for 2023 Camp Season and to prevent the cancellation of any expected programming;
