BACKGROUND: This ordinance authorizes the Director of the Department of Public Safety, on behalf of the Division of Support Services, to enter into a contract with Motorola Solutions Inc. for the ongoing maintenance and support of the City of Columbus 800MHz Radio System that serves nearly all city departments including Public Safety, Public Utilities, Public Service, Development, and Recreation and Parks. The radio system is used as a primary source of communications from the Department of Public Safety's dispatch center to public safety units in the field, for internal communications of public safety units, and for interoperability communications between federal, state, and other local public safety agencies. Other Departments use the radio system for similar communications with their employees in the field. The system aids the dispatchers by transmitting critical information by voice signal. The City first installed the 800 MHz Radio System in April 1992 and upgraded the infrastructure with Federal Grant Funds in 2006. The 2015 upgrade brought the radio system up to the most current industry standard of public safety radio systems and allowed the City of Columbus to retain the level of interoperability communications with its partners who have upgraded to the P-25 Digital System.

Ordinance 1405-2015 authorized the second phase of the City's 800 MHz radio system upgrade to the P-25 digital system. It incorporated the installation of all new infrastructure at the City of Columbus' 800MHz tower sites, connectivity of the tower sites to the State of Ohio's system, and included testing and migration of all agencies to the new infrastructure. Motorola installed all of the new infrastructure at the communications sites and connectivity from the tower sites, and tested and migrated all of the agencies to the new infrastructure.

Bid Information: This purchase is being executed in accordance with the sole source provisions of Chapter 329 of the Columbus City Codes. The ongoing maintenance and support of the existing system requires proprietary software and infrastructure owned by Motorola Solutions Inc. No other vendor has access to Motorola source code and Motorola has not authorized any dealer or other party to obtain such access.

Contract Compliance: Motorola Solutions Inc. V#007169 CC-007169 expiration 10/18/2024

FISCAL IMPACT: This ordinance authorizes an expenditure of \$1,050,425.00 with Motorola for maintenance and support of the city's 800 MHz Radio System. The original maintenance agreement was included in a multi-year maintenance contract established with the original upgrade via ordinance 1405-2015. Funding to renew this service was budgeted and is available in Support Services' 2023 general fund appropriation.

To authorize and direct the Director of the Department of Public Safety, on behalf of the Division of Support Services, to enter into a contract with Motorola Solutions Inc. for the maintenance and support of the City's 800MHz radio P-25 digital system in accordance with the sole source provisions of the Columbus City Codes; to authorize an expenditure of \$1,050,425.00 from Public Safety's General Fund budget.(\$1,050,425.00).

WHEREAS, the Division of Support Services is responsible for the 800 MHz radio communications systems; and

WHEREAS, the Division of Support Services has a need to enter into contract with Motorola for the ongoing maintenance and support of the City's 800 MHz radio infrastructure; and

WHEREAS, Motorola is the only known company that can provide the maintenance and support for these systems; and

WHEREAS, the contract is being entered into under the Sole Source Provision of Chapter 329 of the Columbus City Codes; and

WHEREAS, it has become necessary in the usual daily operations of the Department of Public Safety, Division of Support Services, to enter into contract to ensure the continued operation and maintenance of the City's 800 MHz Radio System Infrastructure; **NOW, THEREFORE:**

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Director of Public Safety be and is hereby authorized and directed to enter into contract with Motorola Inc. for the ongoing maintenance and support of the City's 800 MHz Radio Infrastructure System, in the amount of \$1,050,425.00.

SECTION 2. That the expenditure of \$1,050,425.00, or so much thereof as may be necessary in regard to the action authorized in SECTION 1, be and is hereby authorized per the accounting codes in the attachment to this ordinance.

SECTION 3. That the funds necessary to carry out the purpose of this ordinance are hereby deemed appropriated, and the City Auditor shall establish such accounting codes as necessary

SECTION 4. That the City Auditor is authorized to make any accounting changes to revise the funding source for all contracts or contract modifications associated with this ordinance.

SECTION 5. That the above contract is hereby made in accordance with the Sole Source procurement provisions of Chapter 329 of the Columbus City Code.

SECTION 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
