### 1. BACKGROUND:

The Department of Public Service (DPS) received a request from the Recreation and Parks Department (R&P) asking for transfer of an approximate 0.325 acre portion of right-of-way from DPS to R&P's to be combined with R&P's existing Franklin County tax parcel number 010-067083. The right-of-way area is also known as Glenview Blvd. and is located between N. Eureka Avenue and N. Eldon Avenue.

Extinguishing the right-of-way and transferring the property will facilitate improvements and enhancements to City owned property. The right-of-way is within R&P's park boundaries and should not exist as right-of-way, but should be under the control of R&P's.

Per current practice, comments were solicited from interested parties, including City agencies, private utilities and the applicable area commission, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within the right-of-way, the City will not be adversely affected by extinguishing this right-of-way and transferring the property among City Departments. DPS has agreed to transfer the asset as described and shown within the attached legal description and exhibit and supports extinguishing this property as public right-of-way.

This request went before the Land Review Commission on December 19, 2019. After review of the request, the Land Review Commission voted to recommend the above referenced right-of-way be transferred to R&P's at no cost.

### 2. FISCAL IMPACT:

There is no cost to the City to transfer the right-of-way.
