## 6. FISCAL IMPACT

The 2025 Capital Improvement Budget must be amended to align budget authority with the proper project. Funds will need to be appropriated in the Water Supply Revolving Loan Account Fund, Fund 6011, in the amount of \$967,027.74. Funds in the amount of \$75,000.00 are available and appropriated within the Water Bond Fund, Fund 6006. A transfer of cash and appropriation within the Water Bond Fund is needed to align cash and appropriation with the proper project.

The Construction Administration/Construction Inspection Services 2026-2028 contract for the Kenwick Road Area Water Line Improvements project, CIP No. 690236-100137 is anticipated to be financed with a loan from the Water Supply Revolving Loan Account (WSRLA), a program jointly administered by the Ohio EPA's Division of Environmental and Financial Assistance and the Ohio Water Development Authority (OWDA). City Council authorized this loan application and acceptance of funding via Ordinance 0348-2025, passed by Council on 4/28/25. The loan is expected to be approved in April of 2026. This ordinance is contingent upon the loan being approved by OWDA. The Department of Public Utilities will inform the Auditor's Office when this loan has been approved. The WSRLA program is now a reimbursement program. The Department of Public Utilities will pay invoices for the work performed and then submit them to OWDA for reimbursement.
