BACKGROUND: This legislation authorizes the Director of the Department of Development to enter into a contract with Franklin County Board of Health, for lead-based paint testing, risk assessments, work specification preparation and final clearance testing on up to 256 units, for the Lead Safe Columbus program. The contract will provide \$100,000 from the HUD Lead Hazard Reduction Demonstration lead grant fund.

Franklin County Board of Health was selected as a City of Columbus program contractor as a result of a competitive bidding process directed by Lead Safe Columbus. Requests for Proposals were sent to twenty (20) contractors. Nine (9) companies responded to the request. Four contractor names were obtained from the City of Columbus Equal Business Opportunity Commission office Certified Business Directory. Sixteen names were obtained from the Ohio Department of Health, Lead Poisoning Prevention program Licensed Service Provider list. The selected contractor, Franklin County Board of Health, was chosen because of their past experience and costs.
