Legislation Text

File #: 0815-2008, Version: 1

The purpose of this legislation is to authorize the Director of Public Utilities to enter into an agreement with Field and Associates to provide labor and materials for the installation of a roof for the East Aeration Control Building at the Southerly Wastewater Treatment Plant. This ordinance is being submitted as a waiver of Columbus City Code Section 329.

The Director of Public Utilities opened formal bids on March 19, 2008, five (5) bids were received. Bid tabulation follows:

VEC Systems \$144,800.00
Field and Associates \$165,992.00
Field and Associates (alternate) \$168,820.00
Industrial First \$166,700.00
General Maintenance & Engineering \$193,993.00
K&W Roofing \$212,169.00

All five bidders were deemed non-responsive for failure to submit required certificates and/or product details for alternate roofing systems.

VEC Systems the apparent low bidder was deemed non-responsive due to failure to submit manufacturer's certificate of Approved Installer and product information for alternate bid.

Field and Associates the next low bidder was deemed non-responsive for failure to submit manufacturer's certificate of Approved Installer, and certificate of insurance. However they bid one of two (2) specified roofing systems. The Division of Sewerage and Drainage therefore recommends waiver of competitive bidding provisions of Columbus City Code Section 329 and authority to enter into an agreement with Field and Associates. The Division of Sewerage and Drainage will obtain the certificates at the time the agreement is sent out for signature and these manufacturer's certificates will be made part of the finished contract.

SUPPLIER: Field and Associates (31-0516695) Expires 2-22-10

FISCAL IMPACT: \$182,591.00 is needed for this project (\$165,992.00 plus 10% contingency)

To authorize the Director of Public Utilities to enter into an agreement with Field and Associates for East Aeration Control Building Roof Replacement for the Division of Sewerage and Drainage, to waive the requirements of competitive bidding and to authorize the expenditure of \$182,591.00 from the Sewerage System Operating Fund. (\$182,591.00)

WHEREAS, the East Aeration Control Building at the Southerly Wastewater Treatment Plant requires the replacement of the roof, and

WHEREAS, the Director of Public Utilities opened formal bids on March 19, 2008, five (5) bids were received, and

WHEREAS, all five bidders were deemed non-responsive for failure to submit required certificates and/or product details for alternate roofing systems.

WHEREAS, VEC Systems the apparent low bidder was deemed non-responsive due to failure to submit manufacturer's certificate of Approved Installer and product information for alternate bid, and
