The current analog system that department radios work through will be replaced by a digital system. The current radios, control stations and accessories are analog. Recreation and Parks will be required to have digital radios before the end of December, 2014. We will use the Universal Term Contracts (UTC) in place through Purchasing: UTCs / FL004860 / BPCOM12A, FL004927 / BPCOM04B, and FL004701 / BPCOM01B. Upon City Council approval, Motorola Solutions will receive a sales order, issued on behalf of the Finance and Management Director by the Purchasing Office, documenting the transfer of ownership of 135 radios and the purchase of 135 new digital radios. The turn in of 135 analog radios allow the purchase price to be reduced \$40,500.00 as trade in value.
