

Legislation Text

File #: 1994-2015, **Version:** 1

This legislation authorizes the Director of Public Utilities to upgrade and/or replace several system components for the Foxboro I/A System. The Jackson Pike Wastewater Treatment Plant utilizes this control system to monitor and provide control functions to the digester control area of the treatment plant.

The service to be performed is critical to the operations of the Jackson Pike facility, as all sludge brought into the plant is processed through the digester system and the Foxboro I/A System monitors that process. Invensys Systems, Inc. is the manufacturer of the system and software developer of the Foxboro I/A System utilized at the Jackson Pike Wastewater Treatment Plant. Therefore, the Division desires to upgrade and/or replace several system components with Invensys Systems, Inc., in accordance with the pertinent provisions for Sole Source procurement of Columbus City Code, Section 329. This service is to upgrade an embedded system. The Quote dated July 7, 2015 is attached to this record.

This ordinance is being submitted as an emergency because, without emergency action, no less than 37 days will be added to this procurement cycle. Emergency legislation will expedite delivery of this critical upgrades for the Division of Sewerage and Drainage.
