Background: This ordinance will authorize the City Auditor to set up a certificate in the amount of \$50,000.00 for various expenditures for labor, material and equipment in conjunction with existing aquatics facilities improvements managed by the Recreation and Parks Department. These are unanticipated expenditures that may include, but are not limited to, items such as pool furnishings, sprayground equipment, surveys, design, administrative fees, hard surfaces, HVAC, roofing, flooring, fencing, equipment repairs, etc. Contracts will be entered into in compliance with the procurement provisions of the Columbus City Codes Chapter 329.

Benefits to the Public: Having this funding in place for unanticipated needs as they arise will benefit the community by helping to ensure that aquatics facilities are safe, accessible, updated, and user friendly. This funding will also keep the impact on aquatics facility rental customers to a minimum when unforeseen issues arise.

Community Input Issues: Many issues that this funding helps to address come straight from the community, through 311 and direct contact with the department. The community has expressed the desire for well-kept and updated facilities through public workshops, social media, and direct contact with City staff. Rental customers expect facilities to be in good condition for their events.

Area(s) Affected: The entire City of Columbus is affected by having the funding in place to act efficiently on issues that arise in our aquatics facilities.

Master Plan Relation: This project will support the mission of the Recreation and Parks Master Plan by helping to ensure that aquatics facilities remain safe, updated, and user friendly.

Fiscal Impact: \$50,000.00 is required and budgeted in the Voted Recreation and Parks Bond Fund to meet the financial obligations of these various expenditures.
