File #: 0441-2017, Version: 1

BACKGROUND:

In 2002, the Division of Police purchased and implemented a computerized Ohio Incident Based Reporting System/National Incident Based Reporting System (OIBRS/NIBRS), per Ordinance 2253-2001 passed December 17, 2001, for offense and complaint/incident reports. NIBRS is a set of rules set forth by the federal government to be followed by local and state agencies when reporting crime statistics. It assures all law enforcement agencies report crime data using the same data makers, types, and descriptors, as well as the same reporting methods, which enhances the FBI's ability to analyze the incoming statistics. The data migration from the legacy records management system (NetRMS) to the Motorola PremierOne Records system was authorized under ordinance 0343-2014 passed February 24, 2014 (EL015362), and awarded through solicitation SA005116 allowing for the data to be housed in one system.

This legislation will authorize the Directors of the Department of Technology and the Department of Public Safety, Division of Police, to enter into the software and maintenance support services contract with Motorola Solutions, Inc. to manage the maintenance agreement on the PremierOne Records Computerized Crime Data Reporting System. The original contract (EL014325) was authorized by ordinance 0855-2013 on April 22, 2013 and included the option to renew for four (4) additional one (1) year terms after the initial year of the contract in accordance with the sole source provisions of the Columbus City Code, Chapter 329. The contract was most recently authorized under ordinance 0197-2016 passed February 29, 2016 through PO014066. This ordinance authorizes the Directors of the Department of Technology and the Department of Public Safety, Division of Police, to establish the fourth renewal of the possible four (4) additional one (1) year terms for the term period from March 1, 2017 through February 28, 2018, at the cost of \$285,850.00, bringing the aggregate contract total to \$1,301,336.00 (yrs. 2013 -2017).

The PremierOne Records Computerized Crime Data Reporting System is a proprietary system from Motorola Solutions, Inc, the sole provider and copyright holder of the system. As such, the City must purchase annual support and maintenance from Motorola Solutions, Inc. For this reason, this ordinance is being submitted in accordance with the provisions of sole source procurement of the City of Columbus Code, Chapter 329.

EMERGENCY: Emergency action is requested to expedite authorization of this contract in order to facilitate and maintain uninterrupted services from this supplier.

FISCAL IMPACT: In 2015 (\$254,130.00) and 2016 (\$271,019.00) was expended for software and maintenance support services for the PremierOne Records system. For (2017) the fourth year for software maintenance support services with Motorola Solutions, Inc. will cost \$285,850.00. Funding in the amount of \$275,000.00 was budgeted within the Department of Technology, direct charge agency, Information Services Operating Fund, resulting in a shortfall of \$10,850.00. This shortfall will be covered from savings on other contracts to date where the actual 2017 cost incurred was lower than initially budgeted. The aggregate contract total including this ordinance is \$1,301,336.00.

CONTRACT COMPLIANCE:

Motorola Solutions, Inc. Vendor ID #: 36-1115800 Expires: 12/3/2017
