Background:

Mayor Ginther's vision for Columbus, America's Opportunity City, is to create access to a high-quality early childhood education for every 4-year-old. Addressing early childhood learning means bringing awareness and resources to a critical learning stage in childhood development. Children who come to school ready to learn are more likely to succeed academically and in life.

Children who participate in high-quality early childhood education experiences significantly improve their early literacy, language, and math skills. Ample evidence shows that children who enter school unprepared fall farther and farther behind. Students who get a poor start in their earliest years are likely to struggle in high school and, subsequently, fail to graduate.

Unfortunately, there are too few high-quality preschool providers in Columbus. Only 14 percent of providers in the City are rated 3-5 stars in the Ohio quality rating system (1-5 stars) Step Up To Quality (SUTQ). Seventy-six percent of providers have no rating at all. This deficit is especially alarming as Ohio has a deadline that requires all providers be SUTQ rated by 2020 to be eligible to accept children funded by Publicly Funded Child Care (PFCC). The community's failure to adequately meet this deadline would displace thousands of our poorest children, put providers out of business, and cause a layoff of childcare workers.

The greatest determinant of the quality of a child's education is the quality of that child's classroom teacher. Increasing the quality of preschool teachers will not only better prepare our children for kindergarten but will greatly assist our community by meeting the State's 2020 goal. The Department of Education has determined that helping existing preschool teachers receive their Child Development Associate (CDA) certification will help to close both of these gaps.

Therefore, the Department of Education requests permission to contract with Columbus State Community College to provide an accelerated CDA program to rapidly and conveniently train 100 preschool teachers who are already serving Columbus children. This contract is being awarded to Columbus State Community College pursuant to Section 329.30, which allows for the City to negotiate not-for-profit service contracts. Columbus State was selected as the service provider due to their prior experience and success in providing the same services in 2015 and 2016.

Columbus State Community College, Contract Compliance Number: 31-0729591

Fiscal Impact: In 2016, \$90,000 was legislated via ordinance 2730-2016 to initiate a contract with Columbus State Community College to facilitate an accelerated CDA program in Columbus. With this ordinance, the Department of Education seeks authority to expend \$200,000 from their 2017 general fund operating budget in order to continue the CDA program with Columbus State, providing the funding necessary to train an additional 100 local preschool teachers.

To authorize the Director of the Department of Education to enter into a contract with Columbus State Community College to provide an accelerated Child Development Associate (CDA) program to up to 100 preschool teachers who are already serving Columbus children; to help meet the Mayor's goal that every 4-year-old in Columbus has access to a high-quality early childhood education; to help meet the State's goal that all early childhood education programs be Step Up To Quality (SUTQ) rated by the year 2020; and to authorize the expenditure of \$200,000.00 from the General fund. (\$200,000.00)
