File #: 2707-2017, Version: 1

BACKGROUND: The Division of Police Crime Lab's Gas Chromatographs/Mass Spectrometers (GCMS) instruments aid in the identification and analysis of controlled substances (drugs). This equipment is used to process and present evidence for criminal prosecutions, which requires our strict adherence to rules of evidence and established, mandatory timeliness. The Division of Police has a need for maintenance and repair services with Agilent Technologies, Inc. in order to ensure timely repair of equipment should it be needed, and adequately protect the City's investment.

BID INFORMATION: The Division of Police is requesting to issue this maintenance contract in accordance with provisions of sole source procurement based on: 1) the inherent risk that services provided by a third party may invalidate instrument warranties and original instrument purchase terms, and 2) that Agilent is the sole source for factory recommended replacement parts.

This company is not debarred according to the Federal excluded parties listing or prohibited from being awarded a contract according to the Auditor of State unresolved findings for recovery certified search.

CONTRACT COMPLIANCE NO: CC18772-124538 Expiration 10/07/2018
