

Legislation Text

File #: 0025-2018, Version: 1

The purpose of this legislation is to authorize the Director of Public Utilities to maintain membership with the Ohio Utilities Protection Service (OUPS). Ohio Revised Code 3781.26(A) requires "Each utility that owns or operates underground utility facilities shall participate in and register the location of its underground facilities with a protection service that serves the area where the facilities are located." OUPS is recognized as a protection service and continued membership allows for compliance with the Ohio Revised Code. Annually, the Department of Public Utilities (DPU) receives approximately 140,000 excavation notices from OUPS, which allows DPU to proactively protect our valuable underground infrastructure from damage due to excavation and provide a safe working and living environment for our residents.
