1. **BACKGROUND:** This legislation authorizes the Director of Public Utilities to modify (Mod #2) and increase an existing Construction Administration and Construction Inspection (CA/CI) services agreement with DLZ of Ohio, Inc. The services for this contract include oversight of projects during construction to ensure that work performed by the construction contractor conforms to project plans and specifications. DLZ of Ohio, Inc. will perform construction administration/inspection services for Division of Sewerage and Drainage projects that commence construction during the years 2017 through 2019. The contract will be modified as needed throughout the three (3) year period to include projects as they go to construction. Projects are located throughout the City of Columbus.
