

Legislation Text

File #: 2315-2018, **Version:** 1

Background:

This legislation authorizes the Director of the Department of Technology, on behalf of the Columbus Public Health Department, to enter into a contract with Accela Inc. for software license maintenance and support services for the EnvisionConnect system utilized by the Environmental Health unit. The original contract (EL000490) was established by the Health Department in 2000 with Decade Software Company. Decade Software Company was acquired by Accela in November 2014. The EnvisionConnect agreement was most recently established by authority of ordinance 1657-2017, passed July 17, 2017, through purchase order PO129242. This contract will provide service from July 1, 2018 to June 30, 2019 at a cost of \$107,983.53.

The EnvisionConnect system provides Columbus Public Health the ability to operate the Environmental Health unit by providing an extensive array of services such as tracking and maintaining information associated with inspections, historical data of restaurants and other businesses, tracking sanitation standards data, vector control for mosquitoes, environmental reviews, accounts receivable/payable and billings, as well as statistics and analysis regarding the Environmental Health unit. Services provided by Accela under this contract will provide telephone support services, software maintenance, update training, upgrades and enhancements, and application hosting services. Without this service, the Columbus Public Health Department would lose the ability to operate the Environmental Health unit, which could result in the failure to meet requirements mandated by the State of Ohio.

Accela, Inc. is the sole provider of maintenance and support for EnvisionConnect software. As such, this ordinance is being established in accordance with the sole source provisions of the Columbus City Code, Section 329.07.

Emergency:

Emergency action is requested to expedite authorization of this contract in order to facilitate and maintain uninterrupted services from the supplier.

Fiscal Impact:

In 2016 and 2017, funds totaling \$103,748.70 and \$100,919.19 respectively, was legislated for software license, hosting and support services for the EnvisionConnect system. The cost for 2018 software license, hosting and support services for EnvisionConnect is \$107,983.53. Funds were budgeted and available within the Department of Technology, Information Services Operating Fund
