File #: 2854-2018, Version: 1

This ordinance authorizes the Director of Finance and Management to establish a contract/purchase order with Dell Marketing L.P on behalf of the Department of Technology for Microsoft enterprise software licensing. This is being done through the State of Ohio Multiple Award Contract (MAC) 0A1108-17AGG, which has an expiration date of 6/30/2019 and is authorized for the city's use by Ordinance No. 582-87 for Microsoft enterprise software licensing. Microsoft Office is the city's technology standard for desktop computing software, currently used by approximately 6,000 city employees in their daily business. The city also utilizes Microsoft software to support a number of enterprise applications. This ordinance will enable the city to obtain the latest versions of Microsoft software utilizing a single agreement for the entire city.

The term of the proposed three-year agreement commences on January 1, 2018 and ends on December 31, 2020, authorized by ordinance 3310-2017 passed December 11, 2017. This ordinance authorizes funds for the second year term, the costs for which total \$1,402,360.64. Payment for subsequent annual term, estimated at \$1,402,360.64 per year, is contingent on available funding and approval of proper City authorities. The proposed enterprise agreement enables the City to cancel the agreement, without penalty, in the event that funds are not appropriated to pay for future annual terms.

This ordinance also authorizes the "true-up" for year (2018) of the current three-year agreement (2018-2020). The current year "true-up" costs are \$189,917.09, for a total authorized expenditure of \$1,592,277.73.

1. Amount of additional funds to be expended: \$189,917.09

Original contract -1st year amount (2018):	\$1,402,360.64
Modification #1: (1st year -true-up):	\$ 189,917.09
Original contract -2nd year amount (2019)	\$1,402,360.64

Total: (2 years (2018-2019) contract and true-up modifications): \$2,994,638.37

2. Reason additional goods/services could not be foreseen:

This modification is needed to incorporate additional Microsoft licenses needed to support City departments' applications. The need to add additional licensing was not anticipated at the time of the original agreement.

3. Reason other procurement processes are not used:

To take advantage of the most favorable pricing available for Microsoft software, it is in the City's best interests to utilize the existing agreement with Dell Marketing L.P., instead of utilizing alternative procurement methods.

4. How cost of modification was determined:

The cost of the true-up for the additional software was negotiated.

This ordinance also authorizes the appropriation of \$1,592,277.73 within the Special Income Tax Fund to provide funds to establish the new contract and to pay for the "True-Up" for current year of the three year agreement.
