1. BACKGROUND

This ordinance authorizes a bidding waiver for the Director of Public Service to modify an existing contract with ReCollect Systems, Inc. (ReCollect) for the provision of software, software licensing, and maintenance services through December 31, 2019.

In November 2013, the Department of Public Service entered into a three-year contract with ReCollect to provide the City with an online platform through which the City can communicate information concerning its refuse, recycling, and yard waste programs to residents. The aforementioned application included features allowing users to perform address searches to determine designated collection dates and to receive service alerts and collection day reminders via telephone and email.

Pursuant to Ordinance 1436-2015, the Department of Public Service executed a contract modification, effective July 6, 2015, with ReCollect to procure ReCollect Streets, an application designed to notify residents about street sweeping events, increasing operational efficiency and reducing ticketing and towing of resident vehicles.

Pursuant to Ordinance 2572-2015, the Department of Public Service executed a contract modification, effective November 4, 2015, with ReCollect to procure Waste Wizard, an online educational tool intended to complement the City's residential recycling program.

Pursuant to Ordinance 0674-2017, the Department of Public Service executed a contract modification, effective May 5, 2017, with ReCollect for the provision of services through December 31, 2017.

Pursuant to Ordinance 2315-2017, the Department of Public Service executed a contract modification, effective October 24, 2017, with ReCollect for the provision of services through December 31, 2018.

The purpose of this legislation is to provide for the continuation of services through December 31, 2019.

A bidding waiver is requested to allow services to continue through ReCollect. Engaging another service provider for the provision of these services would necessitate that company duplicating work already performed by ReCollect to establish and provide these services, causing the Department of Public Service to unnecessarily expend additional funds.

2. CONTRACT COMPLIANCE

Presently ReCollect Systems, Inc. does not have a valid contract compliance number and will be required to become

contract compliant before entering into contract with the City.

3. BID WAIVER

The Department of Public Service is seeking approval under City Code Section 329 to waive competitive bidding to facilitate the execution of a contract modification with ReCollect, thereby preventing unnecessary delays in the provision of the prescribed services and the incurrence of additional expenses resulting from the duplication of efforts already underway.

4. FISCAL IMPACT

Funding in the amount of \$29,322.00 is available in the Street Construction Maintenance and Repair Fund within the Department of Public Service.

5. EMERGENCY JUSTIFICATION

Emergency action is requested so as to prevent an interruption in services utilized by City of Columbus residents.
