The Franklin County Engineer's Office has a future paving project that has overlapping streets with the Division of Water's Valleyview Drive Area Water Line Improvements project (CIP No. 690236-100095). It was determined that the pavement milling and resurfacing work required on the Division of Water's project would be incorporated into Franklin County's paving project in order to minimize the inconvenience to the public and avoid potential issues with project overlap.

The Division of Water will reimburse the County upon completion of the work.
