File #: 2735-2019, **Version:** 1

1. BACKGROUND: The Ohio EPA requires this legislation which authorizes the Director of Public Utilities to apply for and execute up to sixty-five (65) Ohio Water Pollution Control Loan Fund (WPCLF) loan agreements in 2020, totaling approximately \$814 million, for the construction of sixty-five Sanitary, Stormwater, and Treatment Engineering Capital Improvement Projects as identified in Section 1., under the direction of the Division of Sewerage and Drainage (DOSD). This loan program is jointly administered by the Ohio EPA's Division of Environmental and Financial Assistance, and the Ohio Water Development Authority (OWDA). The WPCLF Loan Fund program provides below-market interest rate loans for municipal Wastewater and Stormwater system improvements.

2. FISCAL IMPACT: There is sufficient budget authority in the 2020 Sewer Systems and Stormwater Operating Funds for the loan application fee expenditures. These loans will be paid off over a 20-year period from Sewerage system and Stormwater rates (dedicated source of repayment). Sewerage system and Stormwater rate increases have been projected and planned in anticipation of these projects and loans.

To authorize the Director of Public Utilities to apply for, accept, and enter into up to sixty-five (65) Ohio Water Pollution Control Loan Fund Loan Agreements with the Ohio Water Development Authority and the Ohio Environmental Protection Agency, for the financing of up to sixty-five Division of Sewerage and Drainage construction projects; and to designate a dedicated source of repayment for the loans.

WHEREAS, the Department of Public Utilities is scheduled to prepare loan applications for up to \$814 million in financing, for submittal to the Ohio EPA under the Ohio Water Pollution Control Loan Fund (WPCLF) program to finance, through below-market interest rate loans, the construction of up to sixty-five capital improvements projects under the Division of Sewerage and Drainage, which said financial assistance may be of help in reducing total project costs to the City's Sewerage and Stormwater customers; and

WHEREAS, prior to WPLCF loan agreement approval by the Ohio Water Development Authority, the WPCLF loan application and loan agreement documents require the City to submit to the Ohio EPA a certified copy of approved City Council legislation authorizing the Director of the Public Utilities Department to apply for and subsequently execute said WPCLF agreements, and to authorize a dedicated source of loan repayment for the loans; and

WHEREAS, it has become necessary in the usual daily operation of the Department of Public Utilities to authorize the Director to apply for, accept and enter into WPCLF loan agreements with Ohio Water Development Authority and submit a copy of this legislation to the Ohio EPA prior to the OWDA board's consideration for approval as part of the loan agreements' approval process; **now, therefore**

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
