Columbus Public Health has been awarded a grant from the Ohio Department of Health originating from the Centers for Disease Control and other state funds. Ordinance #1419-2019 authorized the acceptance and appropriation of \$60,000.00 in grant money. This ordinance is needed to accept and appropriate an additional \$52,000.00 in grant monies to fund the 2019-2020 Tobacco Use Prevention and Cessation Grant Program for the period of July 1, 2019 through June 30, 2020. The total amount funded for this period is \$112,000.00.

Tobacco use is a contributing factor in four out of the five leading causes of death in the Linden, South Side and Westside neighborhoods. More specifically, cancer is the leading cause of death in the Linden, and Westside priority communities, while heart disease is the leading cause of death in the South Side communities (Ohio Department of Health, Vital Statistics, 2010-2014).

This grant will address youth prevention and policy development addressing smoke free living, with the goal of reducing chronic diseases.

This ordinance is submitted as an emergency so a delay in service does not occur since the grant starts July 1, 2019.

**FISCAL IMPACT:** The program is fully funded by the Ohio Department of Health and does not generate revenue or require a City match (\$52,000.00).

(\$52,000.00)

**WHEREAS**, \$52,000.00 in additional grant funds have been made available to Columbus Public Health through the Ohio Department of Health for the Tobacco Use Prevention Cessation Grant Program; and,

**WHEREAS**, it is necessary to accept this grant from the Ohio Department of Health, and to appropriate these funds to the Health Department for the preservation of the public health, peace, property, safety, and welfare; and,
