1.3. Reason other procurement processes are not used:

Terms under the original Request for Proposal (RFP) indicated several firms would provide Construction Administration Services for projects in 2017, 2018, and 2019. The procurement process for selecting CTL Engineering, Inc. was explained in Ordinance No. 0875-2017.

1.4. How cost of modification was determined:

Cost proposals were provided by CTL Engineering, Inc., reviewed by the Division of Water, and deemed acceptable. The Division of Power will review Cost Summaries provided by CTL upon assignment of work.

2.0 ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT:

The Divisions of Water and Power do not have the manpower to perform all of the duties necessary to administer and inspect construction of said projects; CTL Engineering will perform the services.

The goal of the East Gates project is to replace or rehabilitate the existing 4-inch, 6-inch and 8-inch water lines that have a high break frequency, which will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaisons have been contacted and informed of this project.

The goals of the Division of Power projects cannot be determined until the scope of work is assigned.

3.0 FUTURE MODIFICATIONS: The original agreement was established for projects commencing 2017 through 2019. Future modifications may be necessary but are unknown at this time.

4.0 CONTRACT COMPLIANCE INFO: 31-0680767 | ASN | Expires 8/1/20, DAX Vendor No. 004209.
