File #: 3031-2019, Version: 1

This ordinance authorizes the Director of the Department of Finance and Management, on behalf of the Department of Technology (DoT), to establish a purchase order/contract with Carahsoft Technology Corporation, using Ohio State Term Schedule (STS) no. STS-033-534354, with an expiration date of 6/30/2021. This is being done on behalf of the Departments of Building and Zoning Services, Development, Public Utilities, and Public Services, for software licensing, maintenance and support with Accela, Inc., for the period January 31, 2020 to January 30, 2021, in the amount of \$415,106.86.

The original contract for this software (CT17745) was awarded to Open Data Systems as a solution for tracking building permit activity. The annual contract was then transferred to Accela, Inc. in 2001 when Open Data Systems was acquired under ordinance 1754-01, which passed October 22, 2001. The most recent contract for Accela licensing, maintenance and support was authorized by ordinance 2051-2019, (passed July 29, 2019) superseding ordinance 0988-2019, which passed earlier in the year. The reason for the replacement ordinance was to correct part and SKU numbers on the quote that was attached to ordinance 0988-2019. This ordinance authorizes a new contract, beginning on January 31st, 2020 and ending on January 31, 2021.

Passage of this ordinance will ensure continuation of software maintenance and support services for Accela systems, used by the Departments of Building and Zoning Services, Development, Public Utilities, and Public Service. Services provided through this contract include technical assistance, support, upgrades and telephone support services for the Accela Automation (AA) System application, used to issue building permits, track code enforcement activities and monitor the performance of the One Stop Shop. Without the passage of this legislation, the Department of Technology will lose the ability to maintain the AA application, removing the ability to provide web access for building permits, data and information utilized by citizens regarding issues such as building permits and inspections.

EMERGENCY

Emergency action is requested to expedite authorization of this contract in order to facilitate and maintain uninterrupted services from the supplier and to establish a purchase order before the Auditor's office 2019 year end close date.

FISCAL IMPACT

In 2017 and 2018, the department legislated \$336,572.44 and \$356,197.62, respectively for Accela software licensing, maintenance and support. The majority of the funds for this contract are budgeted and available in the DoT "direct charge" budgets of the user agencies. A portion of the contract amount allocated to the Development Department will be expended from the operating budget of the Information Services Division. Funds for this expenditure are available and budgeted and were reflected as such in DoT's 3rd Quarter Financial Review submission to the Finance Department. The current contract, which expires on January 30, 2020, was legislated for a nine (9) month term, beginning on April 1, 2019, at a cost of \$334,259.93.

CONTRACT COMPLIANCE

Vendor Name: Carahsoft Technology Corp
