The COVID 19 pandemic has caused significant job loss, unemployment, and reduction of income within Columbus and Franklin County. As a result, a significant number of households have been unable to pay their utility bills. While utility providers have suspended shutoffs due to non-payment, the accumulating cost will only further destabilize at risk households when the suspensions are lifted.

This funding will be used to provide utility assistance to qualified individuals and households as well as associated administrative costs for expenses starting March 1, 2020.

The services included in this contract cannot be provided by existing city employees because these services are beyond the City's current staffing capacity to provide.

Emergency Designation: Emergency action is requested to ensure that the organizations can begin providing additional services as soon as possible.

Fiscal Impact: Funding is provided to the City of Columbus from the Coronavirus Aid, Relief and Economic Security (CARES) Act passed by Congress and signed into law March 27, 2020 and available in the Department of Development's CARES Act budget (fund 2207, subfund 220702).
