BACKGROUND: This ordinance authorizes the Director of Public Safety to enter into a contract with Zoll Medical Corporation on behalf of the Division of Fire for extended warranty and preventative maintenance services in the amount of \$91,705.32 which will provide warranty and preventative maintenance coverage for the Fire Division's Zoll defibrillators/monitors/pacemakers used in daily emergency medical service (EMS) operations. The Fire Division needs to purchase these warranty and preventative maintenance services, as Zoll defibrillators/monitors/pacemakers are used on its emergency medical and first responder vehicles in order to assess and respond to cardiovascular emergencies using this highly specialized and technical equipment that requires defibrillator equipment product support services as specified by the manufacturer. This contract will consist of five (5) annual payments of \$91,705.32 each, totaling \$458,526.60 in the final year of the contract. This contract will provide for technical on-site preventative maintenance services, as well as discounts on supplies and loaner equipment to ensure the Fire Division is not without this potentially life-saving device.
