Modification No. 1 amount	\$45,000.00	Ord. 0467-2020	PO239190	PY 2020

Renewal No. 2 amount	\$ 0.00	Ord. 3038-2021		PY 2022
Renewal No. 3 amount	<u>\$90,000.00</u>			PY 2023
Total contract amount	\$180,000.00			

The city applied for and received a U.S. Department of Housing and Urban Development, Office of Lead Hazard Control and Healthy Homes grant in late 2019. The grant term is 3 ½ years. This HUD grant funds the Lead Safe Columbus program.

The purpose of the Lead Safe Columbus Grant Program is to generate lead safe affordable housing and to prevent lead poisoning of children and adults within Columbus neighborhoods. The purpose of this contract is to increase the capacity of the City of Columbus to produce high quality, lead based paint inspections, risk assessments, work specifications, and final clearance testing as outlined in the HUD 2012 Guidelines and to generate lead-safe units in a timely and efficient manner for the citizens of Columbus.

The Department of Development advertised RFQ014279 on Vendor Services in November 2019 for Licensed Lead Risk Inspector/Assessor services for the Lead Safe Columbus program. Two bids were received and the Director of Development entered into contract with both bidders under the authority of Columbus City Codes Section 329.19. For the original contract, the contract period is from the date of approval of the purchase order to December 31, 2020, with an option to renew until the grant period has been completed. Because the federal grant allows renewal of contracts for services for the term of the grant, the department desires to utilize this option to effectively and efficiently manage the program. Advertising for services annually would interrupt the program and possibly result in the program not meeting its required goals. The fee for services in the contract renewal will be the same as that of the original contract. The department and the vendor wish to modify the contract to add an escalator/de escalator clause to the contract to account for changes in pricing since the original contract in 2019.

Changes to the contract include: adding additional funds, extending the contract term one year, and adding an escalator/de-escalator clause to the contract.

This legislation will extend the contract an additional year, ending December 31, 2023. While the HUD grant ends in 2023, the department anticipates requesting an extension due to the COVID-19 pandemic. If HUD grants an extension, the Director may submit future legislation to renew or modify the contract through the new end date of the HUD grant.

Emergency action is requested in order to continue to services without interruption as an interruption in services will negatively affect the health of program recipients.

**FISCAL IMPACT:** Funding is not needed for this renewal. Funding remaining on the original purchase order and

modification number one shall be utilized under this contract renewal. Funding is available in the of Lead Hazard Control and Healthy Homes grant, G441900.

**CONTRACT COMPLIANCE:** the vendor number is 006183 and expires 10/18/2024.
