

Legislation Text

File #: 2343-2023, Version: 1

This legislation authorizes the Director of Public Utilities to modify the existing contract with Gable Elevator for elevator maintenance services for the Division of Sewerage and Drainage (DOSD). The authorizing ordinance is Ordinance No. 3347-2022. The contract modification includes extending the contract for an additional year, from February 22, 2023, to February 21, 2024, with the option for two more one-year renewal periods, contingent upon mutual agreement, availability of budgeted funds, and approval by City Council. The modification also covers the funding necessary for the elevator maintenance services during the extended period.

The contract modification will continue to provide elevator maintenance services for DOSD facilities, including the Southerly Wastewater Treatment Plant, Jackson Pike Wastewater Treatment Plant, and Sewer Maintenance Operations Center Facility. The scope of work includes inspection, testing, troubleshooting, maintenance, repair or replacement of failed components, and software updates for the elevators and associated equipment.

The economic impact of the contract modification lies in ensuring the proper functioning of the elevators, which aids in the operation of plant processes and equipment, ensuring the safety of personnel, and avoiding budget impacts due to equipment failure. There are no community outreach or environmental factors considered for this project.
